Self Paced Instruction or Instructor-Led Instruction? Which do you prefer?

HOW ABOUT BOTH? The live instructor-led classes are held ONLINE every Tuesday and Thursday nights 6:00 pm to 8:00 pm. Take them from your home.

Your computer screen displays material that the live instructor is discussing. You have access to the instructor's PowerPoint presentation prior to class so that you can have a printed copy for note taking during class.

The self-paced course uses text, sound, animation, and graphics

The live classes are also recorded so you have the choice of attending live classes or taking the recorded self-paced session.

If you miss a class, or if you need to finish the course as quickly as possible, just take the recorded sessions. All sessions contain voice text and animation

There are lots of review questions to test your comprehension of the material. AND, you are able to refer back to the material anytime.

60 HOUR PRE LICENSE COURSE

\$349.00

30 HOUR POST LICENSE

\$195.00 Reduced from \$295.00 (Use Promo Code 1134)

STUDENT INFORMATION Promo Code _____
